Post Event Report

Name of the event: IDEA PITCHING.

Date of the event: 2nd of August, 2024.

No. of Students: 125 students

Location of the event: Room no.102, 103, 112, 203, VPPCOE & VA..

Event Co-ordinator: Prof. Vinod Sapkal.

Event Summary:

An "**Idea Pitching"** event was held on August 2, 2024, at VPPCOE & VA at 2P.M. The event featured final-year BE students presenting their project ideas through PowerPoint presentations. The esteemed panel of judges included **Mr. Dinesh Israni, Mr. Gaurav Prabhu, and Mr. Abu Talha Shaikh,** along with faculty members from the institution.
The participants of the event were BE Engineering students who showcased a variety of innovative and technical ideas. Each student had the opportunity to present their project in detail, highlighting the problem statement, proposed solution, methodology, and potential impact. After the completion of the event the Mentors selected the 3 groups as the winners of the event for the first prize.

Event Proceedings:

1. Introduction:- Each participating BE student was introduced, detailing their academic background, areas of interest, and a brief overview of their project. This set the stage for the presentations, providing context and highlighting the diverse range of ideas being showcased.
2. Presentations: Each BE student was allotted a specific time to present their project. The presentations covered various aspects of their projects, including:
- Introduction and Background: Setting the context for their idea.
- Problem Statement: Clearly defining the problem they aimed to address.
- Proposed Solution: Describing their innovative solution.
- Methodology: Explaining the approach and techniques used.
- Expected Outcomes: Highlighting the potential impact and benefits of their project.
- Conclusion: Summarizing their presentation and future directions.

3. Q&A Session: Following each presentation, the judges and faculty members asked questions to gain a deeper understanding of the projects. This interactive session allowed students to defend their ideas and receive valuable feedback.

4. Judges' Feedback: After all the presentations, the judges provided collective feedback. They praised the students for their efforts, creativity, and the quality of their presentations. Constructive criticism was offered to help students refine their projects further.

5. Conclusion: The event concluded with a vote of thanks from the organizing committee. The judges were presented with tokens of appreciation for their valuable time and insights

The idea pitching event was a resounding success, providing a platform for BE students to present their innovative ideas and receive valuable feedback from industry experts and faculty members. It fostered an environment of learning, creativity, and collaboration, essential for nurturing the next generation of engineers and innovators.
